

research and development if the proposed contract action is expected to exceed the simplified acquisition threshold.

(f) Nothing in this subpart prohibits officers or employees of agencies from responding to requests for information.

(g) Contracting officers may, unless they have evidence to the contrary, presume the notice was published one day after transmission to the GPE. This presumption does not negate the mandatory waiting or response times specified in paragraphs (a) through (d) of this section. Upon learning that a particular notice has not in fact been published within the presumed timeframes, contracting officers should consider whether the date for receipt of offers can be extended or whether circumstances have become sufficiently compelling to justify proceeding with the proposed contract action under the authority of 5.202(a)(2).

(h) In addition to other requirements set forth in this section, for acquisitions subject to NAFTA or the Trade Agreements Act (see subpart 25.4), the period of time between publication of the synopsis notice and receipt of offers must be no less than 40 days. However, if the acquisition falls within a general category identified in an annual forecast, the availability of which is published, the contracting officer may reduce this time period to as few as 10 days.

[50 FR 52430, Dec. 23, 1985, as amended at 51 FR 31425, Sept. 3, 1986; 60 FR 34747, July 3, 1995; 60 FR 48236, Sept. 18, 1995; 61 FR 39192, July 26, 1996; 62 FR 263, Jan. 2, 1997; 62 FR 10710, Mar. 10, 1997; 63 FR 58592, 58593, Oct. 30, 1998; 66 FR 27410, May 16, 2001; 68 FR 56678, Oct. 1, 2003]

5.204 Presolicitation notices.

Contracting officers must provide access to presolicitation notices through the GPE (see 15.201 and 36.213-2). The contracting officer must synopsise a proposed contract action before issuing any resulting solicitation (see 5.201 and 5.203).

[66 FR 27411, May 16, 2001]

5.205 Special situations.

(a) *Research and development (R&D) advance notices.* Contracting officers may transmit to the GPE advance no-

tices of their interest in potential R&D programs whenever market research does not produce a sufficient number of concerns to obtain adequate competition. Advance notices must not be used where security considerations prohibit such publication. Advance notices will enable potential sources to learn of R&D programs and provide these sources with an opportunity to submit information which will permit evaluation of their capabilities. Contracting officers must consider potential sources which respond to advance notices for a subsequent solicitation. Advance notices must be entitled "Research and Development Sources Sought," cite the appropriate Numbered Note, and include the name and telephone number of the contracting officer or other contracting activity official from whom technical details of the project can be obtained. This will enable sources to submit information for evaluation of their R&D capabilities. Contracting officers must synopsise (see 5.201) all subsequent solicitations for R&D contracts, including those resulting from a previously synopsized advance notice, unless one of the exceptions in 5.202 applies.

(b) *Federally Funded Research and Development Centers.* Before establishing a Federally Funded Research and Development Center (FFRDC) (see Part 35) or before changing its basic purpose and mission, the sponsor must transmit at least three notices over a 90-day period to the GPE and the FEDERAL REGISTER, indicating the agency's intention to sponsor an FFRDC or change the basic purpose and mission of an FFRDC. The notice must indicate the scope and nature of the effort to be performed and request comments. Notice is not required where the action is required by law.

(c) *Special notices.* Contracting officers may transmit to the GPE special notices of procurement matters such as business fairs, long-range procurement estimates, prebid or preproposal conferences, meetings, and the availability of draft solicitations or draft specifications for review.

(d) *Architect-engineering services.* Contracting officers must publish notices of intent to contract for architect-engineering services as follows:
